## IndustriALL Global Union in solidarity with workers at Bushehr Petrochemical Complex in Iran

Dear Brother Maziyar,

I am writing to you on behalf of [IndustriALL Global Union](http://www.industriall-union.org), which represents 50 million workers in the mining, energy and manufacturing sectors in 140 countries, including Iran, to express our full support and solidarity with the struggle of the workers at the Bushehr Petrochemical Complex, South Pars, Assaluyeh, Iran.

We stand together with the workers in their struggle to receive unpaid wages, which in some cases go back to the month of August. In addition, we call on the management to refrain from threatening workers with dismissal.

Instead, we call on management to address the legitimate demands of the workers, and seek a fair solution to the conflict through a dialogue with the Union of Metalworkers and Mechanics of Iran (UMMI).

IndustriALL Global Union stands firm in solidarity with the workers at the Bushehr Petrochemical Complex.

In solidarity,

Valter Sanches  
General Secretary
